In The Name of Allah
 Most Merciful Most Gracious

Dear Andy, Larry, Cheryl, Mark & the real lawyer

1-4-??

Peace be upon who follow the guidance.

May the Lord show me & you the right path as right and keep us on it, and show us the wrong path as wrong & keep us away from it. Ameen.

This is my calendar for Jumada Alawal # (5) up to the 9th. Then from now on I would write the events of every day in the following day, even if there was nothing. Uncle Sam is paying 37 cent not 36 cent as Andy said.

Wed 1-5-26 - Wrote chit #106 about delaying my morning medicine b/c yesterday they gave it me at 11:00 A.M. and today at 1:00 P.M. where it should be 7:30 A.M. and asked here is that a punishment b/c of covering my head during prayer or is it a new interrogation method. Also wrote chit #107 requesting to correspond w/friends as I am permitted to according to the revised procedures..... B/C they gave me a memo saying I don't am allowed to correspond to anybody beside (*beside*) my wife & brothers dated 21-4-05

- Today I went outside for rec., but it was too hot to run or workout so, I asked to go inside. However, they refused to give soccer or basketball. Also they started giving me a six to eight inch spoon white plastic. I think these as punishment b/c I put my short over my head when I pray after they took the T-shirt. Of course I do not wear the short after or before that.
- I wrote a letter to Jarrallah, may Allah protect & take good care of him
- They drew blood to test them for thyroid. Rains did it & he was better than Harding even though he is a raceist (*racist*), but that does matter here.
- I wrote a letter to Mark about met'd phone # & my wife divorce.
